Background on Inc. 5000

The 2017 Inc. 5000's aggregate revenue is \$206 billion, and the companies on the list collectively generated 619,500 jobs over the past three years.

First introduced in 1982, the Inc. 5000 evaluates a company's three-year growth history to determine its national ranking. On average, companies that made the list this year experienced six-fold expansion since 2013, while the broader economy grew only 6.7 percent. Past honorees include Microsoft, GoPro, Under Armor, Oracle, and Patagonia, to name a few.
